

# STANDING ON BROAD SHOULDERS

Tower Tech makes huge wind towers and monopiles,  
and we're part of something even bigger.

As a member of the Broadwind Energy (BWEN-OTC) family,  
we're part of a comprehensive supply-chain solution for  
North America. We also have the financial resources to expand,  
upgrade and respond quickly to your needs. In fact, we're  
doing it right now.

Tower Tech is here today, here to stay and poised to lead the way.

Join us at Booth 3143 during WINDPOWER 2008 to learn more.
